

## **Industrial Batteries and Automotive Batteries Policy Statement**

As a producer of industrial batteries under the Waste Batteries and Accumulators Regulations 2009, we Clarke International Limited (company number 0972660) are obliged to take back for treatment and recycling the following which we place onto the market:

### **Lead Acid Batteries**

#### **Industrial Batteries**

We are obliged to take back free of charge, waste industrial batteries supplied to an end user for treatment and recycling. We are required to do this in any calendar year that we place new industrial batteries on the market.

#### **Automotive Batteries**

We are obliged to collect, free of charge and within a reasonable time, waste automotive batteries for treatment and recycling from final holders e.g. garages, tradesmen, scrap yards, etc. We are required to do this in any calendar year we place new automotive batteries on the market.

If any of our customers or in certain cases other end users, require us to take back batteries, they should contact us to agree the necessary arrangements for the return, proper treatment and recycling of the waste industrial and automotive batteries at:

Clarke International Limited, 211 Lower Parliament Street, Nottingham NG1 1GN

Telephone: 0208 988 7400
